

HÜLLER HILLE

Solid. Precise. Customised.

HÜLLER HILLE has been making machining centres for heavy-duty machining for over 70 years.

Our employees know how precision works in the international market.

We are seeking to recruit the following role at the earliest opportunity:

Service technician control technology [m|f|d]

Full-time

Job description

- + Troubleshooting and rectifying faults in the fields of electrics, mechanics, PLC, drive systems
- + Commissioning and positioning, testing, optimising and adjusting functions
- + Connect plant and systems to existing installation and startup
- + Perform training, modifications and maintenance
- + Assembly and installation assignments both nationwide and abroad
- + Capture and optimise existing processes
- + Preparatory and follow-up work on outside installations

Your profile

- + Technical apprenticeship in the field of electronics/mechatronics or appropriate training
- + Preferably 2 - 3 years of professional experience in the production of machine tools
- + Good knowledge of Step 7 software and Sinumerik 840 C | D | Dsl, Fanuc, Heidenhain controls
- + Willing to work on assembly and installation assignments both nationwide and abroad
- + Able to work independently
- + Customer friendly and willing to undergo further training independently
- + Good knowledge of written and spoken English
- + Class B driving licence

We look forward to receiving your application.
